DETAILED ACTION

Election

Applicant's election without traverse of Species I, claims 1-3, in the reply filed on August 8, 2006 is acknowledged.

Claim Rejections - 35 USC § 112

The following is a quotation of the fourth paragraph of 35 U.S.C. 112:

A claim in a dependent form shall be construed to incorporate by reference all the limitations of the claim to which it refers" and requires the dependent claim to further limit the subject matter claimed.

Claims 2 and 3 are rejected under 35 U.S.C. 112, fourth paragraph, as failing to further limiting the subject matter. In this situation, both claims 2 and 3 do not further limiting the base sheet containing water and oil blended with each other.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Breen et al (U.S. Patent No. 3,902,958). Breen et al disclose paper and paper products are produced by adding aqueous suspension, thereby, providing improved strength properties, wherein the aqueous suspension may be in the form of water-in-oil emulsion.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
